

Whether in shops, on public transport or elsewhere:

WATCH OUT FOR TRICK THIEVES!

We advise:

- Always keep your handbag closed and do not leave it out of sight;
- Keep valuables in inner pockets, not in your back pocket;
- Do not allow strangers to touch or hug you;
- Do not write your PIN-codes on bank cards and do not keep the secret-codes in your wallet;
- Protect yourself from prying eyes when paying or withdrawing money.

In general: Be vigilant when strangers approach you. Pickpockets and trick thieves try to divert your attention in order to steal your valuables unnoticed!
